

United Concordia's DHMO

Your United Concordia® DHMO plan now includes lower copayments and coverage for **76 additional dental procedures** including:

- Teeth bleaching
- White fillings
- Nightguards
- Cancer screening
- Nutritional and tobacco counseling

Changing dentists is easy

You and your dependents are eligible to change primary dental offices once a month as long as you do not have a balance due and are not undergoing treatment in progress with your current provider. You must notify United Concordia of your change by calling Customer Service toll free at 1-866-357-3304. Please note that once you have enrolled in the Concordia Plus plan, care received from dentists outside the network is not covered.
